

2014 JUN 27 PM 3: 57

17. The permittee shall certify the start-up date of the air contaminant source regulated by this permit by submitting

A COPY OF ALL PAGES OF THIS PERMIT, with the information required in A) and B) of this condition completed, to the Technical Secretary's representatives listed below.

A) DATE OF START-UP: 6 / 25 / 14
month day year

B) Anticipated operating rate: EMERGENCY ONLY percent of maximum rated capacity

For the purpose of complying with this condition, "start-up" of the air contaminant source shall be the date of the setting in operation of the source for the production of product for sale or use as raw materials or steam or heat production.

The undersigned represents that he/she has the full authority to represent and bind the permittee in environmental permitting affairs. The undersigned further represents that the above provided information is true to the best of his/her knowledge and belief.

Signature <u>Ronnie Braden</u>		Date <u>6-25-14</u>
Signer's name (type or print) <u>RONNIE BRADEU</u>	Title <u>Superintendent</u>	Phone (with area code) <u>931-433-2259</u>

Note: This certification is not an application for an operating permit. At a minimum, the appropriate application form, usually an APC-100, must be submitted requesting an operating permit. The application must be submitted in accordance with the requirements of this permit.

The completed certification shall be delivered to West Tennessee Permit Program and the Environmental Field Office at the addresses listed below no later than 30 days after the air contaminant source is started-up.
